Academic Appointment

- **Assistant Professor**, Department of Communication, University of North Dakota, Aug. 2025-present
- **Adjunct Lecturer**, School of Journalism and Mass Communication, Wisconsin-Madison, Jan. 2025- May. 2025
- **Research Fellow**, Department of Communication, Cornell University, Aug. 2019-Jan. 2021

Education

- **University of Wisconsin-Madison**, Ph.D., Mass Communications, Sept. 2021-Aug. 2025
Minor: Computer Science
Minor: Educational Psychology (Quantitative Methods)
Dissertation: *Multimodal Framing in the Digital Communication Era: Integrating Textual, Numerical, Visual Cues to Framing Effects*
Advisor: Douglas M. McLeod & Dhavan V. Shah
- **University of South Florida**, M.A., Mass Communications, Aug. 2015-Dec. 2017
- **Zhejiang University**, Ningbo Institute, B.A., Journalism, Sept. 2011-June 2015

Grant/Research Experience

- **Principal Investigator**. *Staying Visible Through the Cold: AI Communication Toolkit for Local Businesses*. UND CONNECT, Office of the Provost, University of North Dakota. \$5,000. Award period: July 2026–December 2026.
- **Principal Investigator**. *AI in Communication Professionals*. Senate Faculty Instructional Development Committee (FIDC), University of North Dakota. \$1,000. Fall 2026.
- **Principal Investigator**. *Empowering North Dakota Businesses with AI Brand Agents: How Avatar Design and Interactivity Shape Consumer Engagement*. College of Arts & Sciences Undergraduate Research & Creative Activity Award, University of North Dakota. \$5,099. Award period: Jan 2026–Aug 2026.
- **Co-Principal Investigator**. *Digital Storytelling Summit*. North Dakota Newspaper Association Education Foundation. \$10,000. Award period: Nov 2025–Oct 2026.
- **Project Assistant**. Research funded by the Knight Foundation, MCRC/CCCR Research Center, School of Journalism and Mass Communication, University of Wisconsin–Madison, Fall 2024.
- **Research Assistant**. Research funded by the National Science Foundation, MCRC Research Center, School of Journalism and Mass Communication, University of

Wisconsin–Madison, Summer 2023–Spring 2024.

- **Student Research Grants Competition (SRGC).** Graduate School, University of Wisconsin-Madison. \$ 2,000. March 2023.

Teaching Experience

University of North Dakota

- **Instructor:** COMM451 Risk and Crisis Communication (Fall 2025): an undergraduate course focusing on the principles and practices of risk and crisis communication. The course examined how individuals, organizations, and public agencies communicate during times of uncertainty and crisis, with attention to theory, strategy, and case applications.
- **Instructor:** COMM516 Principles of Professional Communication (Fall 2025): a graduate-level course featuring a conceptual and historical overview of the scholarly discipline of communication, coupled with an introduction to major communication theories and their applications in professional contexts.
- **Instructor:** COMM517 Research Methodology for Communication Professionals (Spring 2026): a graduate-level course featuring a conceptual and historical overview of

the scholarly discipline of communication, coupled with an introduction to major communication theories and their applications in professional contexts.

University of Wisconsin-Madison

- **Lab Instructor:** J564 Media and the Consumer (Fall 2023, 4 lab sections, 100 students in total): taught interactive workshops on data-driven media analysis, strategic communication, and consumer behavior.
Teaching Evaluation: 4.30/5.00
- **Lab Instructor:** J203 Information for Communication (Spring 2023, 50 students): taught fact checking skills, evidence-based storytelling, and data analysis and visualization techniques.
Teaching valuation: 4.68/5.00
- **Lab Instructor:** J564 Media and the Consumer (Fall 2022, 4 lab sections, 100 students in total): taught interactive workshops on data-driven media analysis, strategic communication, and consumer behavior.
Teaching Evaluation: 4.72/5.00

University of South Florida

- **Graduate Tutor:** MMC6920 Introduction to Mass Communication; MMC6400 Mass Communication Theory (Fall 2017): Tutored students regarding their coursework, mass communication theories, and related research projects

Selected Honors and Awards

06/2025

Top Paper Award (2nd place), Visual Communication Studies Division, International Communication Association.

03/2025

Teaching Mentor Honor, College of Letters & Science, University of Wisconsin-Madison.

06/2024

Top Paper Award, Communication Science and Biology (CSaB) Interest Group, International Communication Association.

05/2024

Teaching Excellence Award, School of Journalism and Mass Communication, University of Wisconsin-Madison.

05/2024

Leadership Award, School of Journalism and Mass Communication, University of Wisconsin-Madison.

03/2023

Student Research Grants Competition (SRGC) Award, Graduate School, University of Wisconsin-Madison.

08/2021-05/2022

Graduate Fellowship, Graduate School, University of Wisconsin-Madison.

06/2015

Outstanding Graduate of Zhejiang Province, Ministry of Education of Zhejiang Province, Zhejiang, China

06/2015

Excellent Undergraduate Thesis Award, Ningbo Institute, Zhejiang University, Ningbo, China
08/2014

Excellent International Volunteer, APEC Senior Officials' Meetings, China
10/2012-10/2014

First-class Scholarship, School of Media and Law, Ningbo Institute, Zhejiang University,
Ningbo, China
10/2012-10/2014

Outstanding Student, School of Media and Law, Ningbo Institute, Zhejiang University, Ningbo,

Invited Talks

- **Creating Effective Infographics for Lay Audiences and Framing Health Messages to Enhance Understanding and Engagement.** Presented to the Global Health 101 at the University of North Dakota, October 20, 2025.
- **How to Apply Multimodal LLMs/AI to Social Media Data.** Presented to the Machine

Learning + X research group at the University of Wisconsin-Madison, March 5, 2025.

- **Politics & Media: Media Framing & Bias.** Presented to the Political Communication course at the University of Iowa, February 11, 2025.
- **Using CLIP Visual Language Model to Detect Cannabis Marketing Visual Features.** Presented to the Machine Learning + X research group at the University of Wisconsin-Madison, March 11, 2024.

Methodological Expertise

Computational Social Science & AI

- Computer Vision & Multimodal Analysis (CNNs, object detection, automated captioning)
- Large Language Models & AI Agents (development, fine-tuning, prompt design)
- Natural Language Processing (NER, sentiment, summarization, semantic similarity)
- Machine Learning for Text & Multimodal Data (classification, topic modeling, fusion)
- Data Collection (web scraping, APIs, automation)

Research Design & Analysis

- Experimental & Survey Methods (RCTs, A/B tests, online surveys)
- Statistical Modeling (regression, SEM, Bayesian, network, time series)
- Survey Programming (Qualtrics customization with JavaScript)
- Crowdsourced Data Annotation (codebooks, large-scale content analysis)
- Qualitative Analysis (thematic coding, discourse analysis)
